Company: Tanqeeb

Location: Bahrain

Category: business-and-financial-operations

Our Summer Analyst Program runs for seven weeks from 05 July in either of our offices across Abu Dhabi, Bahrain, Dubai and Riyadh. The internship starts with a joint induction program. These sessions will bring you up to speed on our history, the scale and scope of our organization today and our ambitious plans for tomorrow. Plus we'll arm you with the technical and practical knowledge you'll need to make your mark in our firm. Then, get ready to make a real impact on the industry or product group you join.

You'll be exposed to stimulating work and learn from experienced colleagues. On-the-job learning is only part of what we offer. You'll also have your very own mentor and access to tutors to advise and support you through the program. Plus you'll be invited to our speaker series and a host of other interesting events. You'll be meeting colleagues, including senior leaders, from across the firm and building your professional network.

### **What you need to bring**

Genuine curiosity about the banking world is the starting point. We're looking for adaptable, accurate, enthusiastic students who thrive under pressure and in a team.

Academic excellence is a must. There's no set degree for our Interns; but a demonstrated interest in finance and economics is advantageous.

Additional requirements include:

Excellent analytical, quantitative and interpretative skills

Strong verbal and written communication skills

Fluency in English is a prerequisite

The confidence and initiative to take on early responsibility and manage your own projects

Proficiency in MS Word and Excel

But beyond that, what we're most interested in are the things that make you, you: the personal qualities, outside interests and achievements beyond academia that demonstrate the kind of person you are and the difference you could bring to the team.

## **Eligibility**

To be considered for a place on our Summer Analyst Program you must be a final year university student.
