### JobDescription &Summary

Join us on our Assurance Graduate Programme and be part of a human-led,tech-powered future. You'll work across a variety of clients in a range of industries to help our clients build and maintain trust - by ensuring the quality of their financial statements or helping them navigate

complex risks. Each of our Assurance Graduates has a different journey. Let us help shape yours!

You might be wondering what an Assurance role involves. We help each client achieve their potential, taking the stress out of accounting regulations and delivering their financial statements with trust and transparency through a new perspective. We also help safeguard them against a widening array of risks, and where possible, capitalise on them. Over the two years, you'll learn how to present information effectively, ensuring it's clear to people with all levels of knowledge, areas and backgrounds.

### **Human-led, tech-powered**

You might think that Assurance is all about compliance and following rules, but there's more to it. At PwC Middle East, Assurance is about building unique, trusted bonds with clients, navigating your way around complex procedures, and unearthing sustainable solutions and processes. Our teams go above and beyond to gain insights into who their clients are, what they do and what they really need. Our clients need to be transparent, and Assurance is the reason they can be.

### **Discover your future with us**

We're Looking For Independent Graduates With a Keen Eye For Detail. You Need To Be Curious, Particular In The Work You'll Do And Confident In Asking Questions. You Should Also Be

A recent or final-year undergraduate on track for a 3.2 GPA or equivalent in an Accounting, Finance, Civil Engineering, Technology or Business-related degree subject area

Fluent in English with a preference for native Arabic language skills (spoken and written)

During the programme, we'll help you to develop your client management, communication and data analysis skills, so it's important that you're willing and keen to learn and drive your

owndevelopment.

Our programme won't just help you build the practical experience needed to develop a successful career but will also give you the opportunity to complete a professional qualification during your journey, including Association of Chartered Certified Accountants (ACCA), Certified Public Accountant (CPA) or Saudi Organization for Certified Public Accountants (SOCPA). We'll also offer a wide range of employee benefits differing by location, including:

Flexible working model

Holistic wellbeing initiatives and programmes

Medical cover and employee life insurance

### **We are PwC Middle East.**
