Company: De Micco & Friends LAWYERS

Location: Bahrain

Category: business-and-financial-operations

### We are looking for the bests

The concept of the De Micco & Friends Group combines the business units **private and corporate legal advise, tax advice and auditing** , by gathering experienced experts under one roof and one brand.

This business model creates unique synergies for clients as well as the partners involved. As a partner you not only have access to the expert knowledge and experience of a highly qualified and well-established team, but you also have the opportunity to operate and expand your own service offerings by **using the common resources at significantly lower costs** . In addition, the Group's international commission model creates further sources of income for each partner from projects procured for partner colleagues from other business units, regions and countries.

### Partner Levels

The Group's continuous growth increases experiences and know-how as well as the client base. Each new client is a new reference for the Group and thus for each Partner. Both individual experts and expert teams as well as companies working in the business areas of De Micco & Friends may apply as **Freelance Partners**, **Partners**, **Senior Partners** or shareholding **Associate Partners** . The Group is also seeking **entrepreneurial and ambitious partners** for interesting locations without established local office to develop new branch offices in collaboration with the group as **First Movers** .

### Current Offer and Partner Profile

De Micco & Friends is seeking experienced lawyers at multiple locations, who specialise

in commercial, civil and crime law. (Established lawyer teams may also apply).

You are at least in your mid 30s and have already been successful at a law firm or as an independent lawyer or auditor. In addition, you ideally meet the following criteria:

Relevant major field of study relating to commercial, civil or crime law

Purposeful internships and/or practical experience

Good IT skills

Very good English skills

Excellent communication and consulting skills

Ability to work in a team and confidence

Flexible and highly venturous and motivated

Analytic, conceptual and independent work approach

Highly mobile

**Due to our international clientele you must possess good English skills.**
