Company: Tanqeeb

Location: Manama

Category: business-and-financial-operations

Solve the most pressing problems facing world leaders and organisations today.

As a Consultant at Gallup, you'll be part of the team generating transformational change for our global clients. Working alongside some of our best and brightest experts on real-life projects, you will collaborate with internal team members and clients to take projects from start to completion using your excellent process management and communication skills.

Partnering with some of the most engaged and brightest employees and managers, you will work on mission-oriented projects that impact the success of organisations and individuals. From analysing client data to identifying opportunities for business improvements, your contributions will impact millions. As you learn how we use our analytics to advance our clients' businesses, you'll build relationships with internal stakeholders, grow your consulting expertise and advance your professional development.

If you're ready to apply your education and experience to real-life, influential client work at one of the most engaged and prestigious workplaces globally, join us and put your greatest strengths to work.

Who We Want

Process managers:Detail-oriented professionals whose clarity and concentration help them manage timelines for optimum productivity, efficiency and quality.

Project advisors: who can plan project activities, communicate with clients and coordinate global resources to ensure efficient delivery of work products/deliverables

Savvy communicators: Consultants who can find and present stories grounded in data-driven information.

Focused achievers: Go-getters who succeed through hard work and consistent follow-through.

Collaborators: Partners who achieve great outcomes and cultivate teamwork through relationships.

Learners: People who seek personal and professional growth in one of the most engaged workplaces with world-class managers focused on purpose-driven projects.

Data experts: who can spot trends and insights in data that are the keys to opportunity and growth for the client's business

What You Need

Degree required; MBA / Masters preferred

A minimum of two years in paid professional work is required, client-facing preferred

Experience with project management, or process implementation, through a school internship or previous employment preferred

Experience with Microsoft Project® would be an advantage

Strong number-interpreting, data-processing and analysis skills essential

Proficiency in Microsoft Excel® and PowerPoint®

Full fluency in English and Arabic

What We Offer

An individualised and flexible work schedule

A comprehensive benefits package including competitive salary, health insurance and travel reimbursement

A strengths-based, engagement-focused and performance-oriented culture

World-class managers who support, position, empower and engage you

Ongoing learning and development opportunities

Mission-driven work that changes the lives of people around the world

Gallup. Providing analytics and advice about everything that matters.
