## **Key Responsibilities:**

**Administrative Support** Assist in Engineering Department administrative tasks, including preparing water, electrical, and LPG reports, activity logs, and payroll documents. Maintain inventory and asset lists for tools, materials, and equipment, as well as managing employee documents and fostering good working relationships within the organization.

**Attendance and Support** Prepare daily employee attendance sheets and submit them monthly. Aid in requisitioning items for resort maintenance and ensure proper logging of maintenance requests, along with recording materials used. Maintain cleanliness in engineering workshops and job sites.

**Teamwork and Safety** Assist engineering crews in emergencies and manpower needs, ensuring punctuality, reporting major issues to superiors, and prioritizing safety in all tasks. Attend monthly fire hydrant exercises and job-oriented training sessions conducted by the Engineering Department and HR.

**Additional Duties** Maintain information records and stationary stock, arrange meetings, take notes, and distribute information accordingly, as well as assisting in preparing information for monthly finance reports.

## **Qualifications**

**Education and Experience:** Certification, or diploma required, with demonstrated experience in administrative roles, preferably in an engineering or technical environment.

**Organizational and Communication Skills** Strong organizational abilities to effectively manage schedules, documents, and meetings, coupled with excellent written and verbal communication skills for clear and concise correspondence with internal and external stakeholders.

**Computer Proficiency:** Advanced proficiency in MS Office suite (Word, Excel,

PowerPoint, Outlook) and familiarity with administrative software systems.

**Attention to Detail:** Keen attention to detail to ensure accuracy in record-keeping, document preparation, and data management.

**About Mantis Collection** Mantis is a boutique hospitality group that was founded by conservationist Adrian Gardiner in 2000, with its main focus predominantly in Africa and the Middle East. Mantis grew from Adrian's vision to restore and rewild degraded farmland which he developed into a widely-acclaimed Private Game Reserve. This was the first private game reserve in the Eastern Cape and the beginning of eco-tourism in a poverty-stricken province that had few opportunities outside of commercial farming. Adrian and the Mantis team successfully created a place where man and nature could co-exist sustainably. From this initial success, the Mantis model was then developed worldwide, understanding that consumers could use the Mantis portfolio as a mark of quality, consistency and character. Today the diverse portfolio of handpicked properties links up to create travel journeys, which offer guests the opportunity to experience the essence of the location in a setting of tailored luxury. Rooted in conservation, Mantis pursues sustainable business practices and develops tourism products that are respectful of the environment and communities in which they operate.

Do what you love, care for the world, dare to challenge the status quo. **#BELIEVEMITLESS**
