

Metrics and Data Analyst- LCS Maintenance Training (Bahrain)

[Apply Now](#)

Company: Tanqeeb

Location: Manama

Category: business-and-financial-operations

Sayres is seeking **Metrics and Data Analyst- LCS Maintenance Training** in Bahrain with Secret Clearance verifiable in DISS.

This position is located in Manama Bahrain; the Kingdom of Bahrain is the perfect destination, its climate ensures that you can enjoy the warm waters of the Gulf and experience a variety of water sports and other outdoor activities throughout the year. One of the main traditions is Manama Souq - a feast for the senses. The sounds, colors, smells and flavors invite travelers into the heart of the Bahraini experience.

You will have the opportunity to support Commander Naval Surface Squadron Five (CNSS-5). CNSS-5 is the executive agent for the readiness (man, train, and equip) of 5 Patrol Craft (PC), 4 Mine Countermeasure (MCM), and LCS ships forward deployed in Bahrain.

For a best fit for this position, your background would have experience with experience working with Damage Control, working in the engine room, or having been an assessor at an ATG in warfare areas of MOB -D (Damage Control) or MOB-E (Engineering).

Specific Responsibilities Include

Develop, update and maintain CNO Availability and CMAV trend reports. Analyze

trend reports and provide recommendations.

Develop and propose data sources and metrics for determining the root causes of CNO Availability extensions. Develop and maintain database track and report metrics for CNO Availability extension root cause analysis once identified. As part of the root cause analysis, assist in determining strategies to mitigate CNO Availability extensions.

Develop and maintain database to track and report metrics for CNO Availability growth and new work root cause analysis once identified. Specifically, for LCS Freedom Class.

Generate PowerPoint presentations outlining results and recommended actions.

Use metrics analysis to support optimal levels of forward staged LCS/MCM/PC material.

Advise training and maintenance cycle for LCS Freedom Class.

Provide training and maintenance assessments for LCS ships.

Intermittent underway periods onboard LCS/MCM/PCs assigned to CNSS-5.

Qualifications & Clearance Requirements

5 years' experience as an Active Duty United States Navy Engineman on an LCS, LPD, LHA, DDG, CG, FFG, MCM, or PC.

LCS Freedom Class experience preferred.

US Secret Clearance mandatory verifiable in DISS.

Proficient and experienced with Microsoft Office, especially with Access, Excel and PowerPoint.

Preferred Skillsets

LCS Freedom Class experience.

The position description is only meant to be a representative summary of the major responsibilities and accountabilities performed by the incumbents of this position. The incumbents may be requested to perform position-related tasks other than those stated in this description. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, sexual orientation, national origin, age, gender identity, disability or veteran status.
