### Job Description

#### Prospect Generator

Chronos Consulting is part of the Coberon Chronos Group, an award winning global leader in permanent and temporary staffing, RPO and business process automation solutions for global multinationals. The Group owns and operates 41 offices worldwide.

Our client is searching for a Prospect Generator.

#### Requirements:

As the successful candidate you will have a bachelor degree in geology or geophysics. It is preferred that you have a master or Ph.D. degree, with emphasis on clastic seismic stratigraphy and seismic stratigraphy.

You will have a minimum of 15 years of experience exploring for hydrocarbons in clastic environments.

Preferably, this experience will have been acquired working for major or independent oil companies operating in clastic basins in North America (USA and Canada), and companies working in the North Sea.

Middle East experience is highly desirable.

#### Duties & Responsibilities:

You will be required to perform the following:

Develop strong leads, generate prospects, mature these prospects; and work within a multidisciplinary team.

Manage advanced sequence and stratigraphic analysis using G&G applications. This

will include visualization, integration of various G&G datasets, and chronostratigraphy. Conduct sequence stratigraphic well correlation, sedimentary facies prediction, and seismic sequence stratigraphy.

Petrophysics analysis in clastic environments, and have an in-depth understanding of rock physics.

Generate advanced seismic attribute analysis, and use this analysis on large wells and seismic datasets.

Interface with multiple levels, including subordinates, peers, supervisors, and venture partners.
