About Atos

Atos is a global leader in digital transformation with , employees and annual revenue of over € 11 billion. European number one in cybersecurity, cloud and high performance computing, the Group provides tailored end-to-end solutions for all industries in 71 countries. A pioneer in decarbonization services and products, Atos is committed to a secure and decarbonized digital for its clients. Atos is a SE (Societas Europaea), listed on Euronext Paris and included in the CAC 40 ESG and Next 20 Paris Stock indexes.

The purpose of Atos is to help design the future of the information space. Its expertise and services support the development of knowledge, education, and research in a multicultural approach and contribute to the development of scientific and technological excellence. Across the world, the Group enables its customers and employees, and members of societies at large to live, work and develop sustainably, in a safe and secure information space.

Are you ready for a step in your career as a **Security Operations Center analyst**?

This service is the first line of response regarding the potential occurrence of a cyber-attack or security incident. Supported by several automated tools such as intrusion detection systems, log correlation engines and SIEM, ticketing systems, alerts, and warnings from internal and

external sources. It also involves receiving, prioritizing, and responding to alerts, requests, and reports, analyzing events and potential incidents, and providing primary support for incident responders.

Your responsibilities

The position is within the Big Data & Security (BDS) service line, providing information security consulting, implementation, and managed security services

SOC & SIEM consulting services, Data Loss Prevention consulting services

Perimeter Protection Services, for example, IDS/IPS, Proxy, Malware Scanning, DDOS Mitigation, Next-Gen Firewalls

Platform protection Vulnerability Management

Log management solution Splunk or equivalent

We do this using our own cybersecurity software & hardware products and leading partner solutions.

Your knowledge and skills

You have a bachelor's degree in the relevant area

1-3 years as a junior / analyst in a Security Operation Center

Good knowledge of Windows security events analysis, firewall, proxy, and IDS logs

Writing and optimizing, IDS signatures (preferably SNORT and/or SURICATA) YARA rules is a plus

Knowledge in Host-based security solutions such as HIPS, Malware endpoint protection, OS Logs

Good English communications skills, Positive teamplayer

You will work on location in The Hague and therefore preferable if you live in the area

You are willing to work 24/7 shifts

What do we offer you?

Excellent career opportunities

A good salary and attractive extra benefits

29 vacation days based on a 40-hour workweek.

Lease a company car or opt for a mobility allowance

Participation in the existing security projects along with the opportunity of implementing your own ideas and improvements

Personal development is important to us, we offer the possibility of training and certification based on your personal development plan

Access to our knowledge library and interdisciplinary e-learning portals

Working in an innovative environment with ambitious colleagues and a committed practice partner and practice manager

SOC Analyst 1 year similar experience in a SOC, willing and able to get an EU Secret clearance, so only apply if you have an EU nationality (so no UK citizens anymore).

Here at Atos, we want all of our employees to feel valued, appreciated, and free to be who they are at work. Our employee lifecycle processes are designed to prevent discrimination against our people regardless of gender identity or expression, sexual orientation, religion, ethnicity, age, neurodiversity, disability status, citizenship, or any other aspect which makes them unique. Across the globe, we have created a variety of programs to embed our Atos culture of inclusivity, and work hard to ensure that all of our employees have an equal

opportunity to contribute and feel that they are exactly where they belong.
