

Supply Planning Specialist

[Apply Now](#)

Company: Genpact

Location: Manama

Category: business-and-financial-operations

Maintaining capacity plans, production schedules and/or finite schedules to ensure the efficient delivery of inventory, service and cost objectives.

Provides supply planning expertise to the commercialization of new products or resolution of key inventory shortage issues.

Schedule finished goods production for each assigned product group.

Supply recommendations are based upon scheduling parameters and system settings that are developed and maintained to support sales goals, inventory financial targets, as well as minimizing the age of product when shipped to a customer.

Coordinate activity that impacts Brand's ability to maintain constant and sufficient product supply, ensuring communication with Customer Service, Sales, Marketing, and other internal customers
