

## Technical Director

[Apply Now](#)

Company: Amber

Location: Bahrain

Category: other-general

The right candidate will need to have a good amount of experience leading development on a large game code base and can lead, architect, and implement critical game engine components.

He/she should be a senior engineer with a deep passion for game technology and in-depth knowledge of UE4 & UE5 Core systems and functionality. Most importantly, he/she needs to understand game networking and the architecture of Unreal.
